Overview

The vision of Viksit Bharat is that of a prosperous Bharat in harmony with modern infrastructure and nature and giving opportunities for all citizens of all regions to reach their potential. The role of the Indian financial industry is critical in realizing the goal of a developed nation by 2047. The Prime Minister of India, in his address to the RBI on the occasion of its 90th Anniversary had highlighted the role of the RBI in speedy and sustainable growth of the country. He had emphasized on the importance of clarity for the targets of the next 10 years to take the nation on the path towards a truly Viksit Bharat. The RBI's role to establish a robust banking system that facilitates financial inclusion and economic growth across all regions of India is pivotal, especially in underserved areas. This aligns with Viksit Bharat's vision of an inclusive and prosperous nation.

The discussions during this daylong flagship summit will aim for growth of the industry and will revolve around: Future of Financial Services in India, Structural Reforms for MSMEs & Green Financing, Digital Lending Platforms Driving Credit Access For Economic Growth, Seamless Financial Services For Next Billion Customers & Embedded Finance Being Driver of Invisible Experiences.

Earlier editions of the ASSOCHAM Annual Summit on Banking & Financial Sector Lending Companies had received an overwhelming response from the industry, in creating a vibrant platform for encouraging dialogue between policy makers, regulators and industry stakeholders.
